James B. Ender | the Mississippi jettles was Moninged at a parameter recently at New O items.

Many species are are instinction and minute will desire as to their tilthrate enough. If far his gayers much that the second that the tribunty foot of water at oughtnoted for; but James B. has obtained the pay therefor, all the about Speaking of jettles; is th well to remor that Mr. Ottil Empioner the well delivement that Hr. Ovil Singmore, Enapp is far has a size way in the analytical that the proposed out at Clatsen spit wound, framalate the Companies valley. There is no valley to be incurred. No one acquained with the Chinabias would suppose for a mement that any wor. that sould be constructed at the mouth of the river would make any perwhen above. The Takeop justy might not ac-complish the object insteaded—the deepening of the classes of good mar-but it would not raise the surface Sept. of the river. These would still be among sures for the river to the

We have often had occasion to note the enterprise of A. E. aneroft & Co. in literary andertakings. Through their subscription department lines was effect a work of rare setcellence. It is encopied "The Library of Choice Literature," and isomprises eight large volames of proce of d postry selected from the most admired and are. It is edited chiefly by A. R. Spolfford, thererise of congress, and is illustrated, such say engravings on atecl. What strikes out its saget force is the list of authors represented, which embraces almost every eminent name in the whole range of its each be erature, ancient and modern. The northisex-scatted in a style flitch corresponds with the excellence and or put of its contents, and is obtaining may acceptable wherever shown.

It is customary in opresent all Germany as no very partial to the rand light wines at to be almost free from the burne of distilled spirits but a recent state bant in regard to Princisa shows that the animal consumption of which and brandy in that kingdom stone is something over \$55,000,000, or fully \$2 a year per capits. The total der proditures of the people distinct and trait liquors and behacen are chout \$270,000,000 ready \$10 for each man, roman and child of the country. There is a woman and child the fersons, and a tobacco shop for every 1225. The amount of intoxicating drinks of attraction consumed yearly in Prussia as 850 486702 gailone, or something ever thirty rational feat. Wilman Mr. E. Podge of New York gives
